How was your holiday? - Transcript

The answers to the 'fill in the blanks' activity are underlined

On my last holiday I went to an island in Thailand called Koh Lanta. I went there for a week with some friends . I had a lot of fun there.

The weather was lovely. It was hot and sunny every day. In fact, it was a little too hot, so we spent a lot of time in the swimming pool.

The hotel was excellent. It was a 4 star hotel and it was next to a long, wide beach which was covered in white sand. It had 3 swimming pools, and a fantastic gym. I had a huge balcony as well, with an amazing view out over the sea. To be honest, the food at the hotel wasn't great, but there were lots of nice restaurants nearby and they all cooked delicious seafood dishes.

There were also some nice bars next to the beach. Every evening we watched the sun go down over the sea while drinking a cold beer. It was so relaxing.

One day we took a boat trip to a tiny island about one hour away. The boat trip was ok. The sea was calm and beautiful, but I felt a little seasick. When we got to the island we saw lots of colourful birds. We spent all day on the island and we took the boat back at sunset. The sunset over the sea was absolutely breathtaking.

So yeah it was a wonderful holiday.
